Chapel Hill - Friday night
Honey - We got here Tues.
noon - saw Ed for about
an hour before he left -
Claire stayed till Wed. night.
We had picked Muriel up
on Mon. at Martinsburg
W Va. They all, + Mother +
Dad Cutler asked about
you, + Muriel + Claire
both said some awfully
nice things about how
much they liked you

and what a swell guy
you are. Me - I just
beamed!

Mother wrote + urged us
to all go on to Houston +
said Pop would drive but
I can't get Cutter recon-
ciled to all them thousand
miles - can you possibly
make it home, do you
think? I feel like a

dog asking you to do
the traveling when you'll
want to come back to
Bham in May to see
Greta Roland - gosh, how
we'd like to meet her!

By the way - met some
folks here who were from
New Orleans & they had just
met May Fletcher the other
day!

I still wish that
somehow Idene & the kids

Forgot to tell you our
schedule - we leave

until Mon. Apr. 10.
