Darling:

Buenos dias, ¿como se siente usted? Mucho mejor, ya esperos!

I am anxious to know if they have given you any aureomycin. I have good reason to believe it might help in as much as the doctors believe it to be a virus infection. Let me know more about everything honey, I hate to think of you suffering. I'm not gonna say anything about this sickness to anyone - I don't think it is necessary. You'll be well in no time - I just know you will. Try aureomycin

though!

I was downtown today
and I bought you a present.
It isn't much but I think
you will like it. You'll
receive it in a few days so
now you have something to
look forward to until it
arrives.

This note looks sorta rocky
'cause I'm writing it in bed
and I feel sorta sleepy
too. Ah if I could only see
you honey - I have so
many things I want to talk
about.

Think of me often and
whisper my name -

Love & kisses

Your Doudy
