Well - you are the
promptest guy to pay back

get sending all that
interest! You shouldn't have

sent any + that the truth -
but we'll probably do as
you say + ff over to
Berry's + eat on you - un-
less I can remember to
send you a check.

Mother sent us
some articles by you,
Gusta Keland - Shes

a smart gal - sounds
like + attractive too - a
small picture was w
one article. When will
she be back? I'd love to
meet her. Any chance of
your meeting us at
home, around the first
week in April? Wouldn't
it be wonderful to get
together! - - Golly! If you
can manage (+ feel it
would be wise) would you

(3)

have to come over the
week-end + if so would
^{the} April 1 one be better or the
April 9 one? Please us
know - as we say
hereabouts. It looks
now like we will leave
here about Mon. 26 or 27
+ be gone roughly two
weeks - so could probably
be in B'ham either
weekend that suited you.
We'll make the Chapel
Hill visit on the way down.

I expect private practice
would be more lucrative,
love - + maybe more fun too.

We have applied for a
baby at the Luzerne County
Institutional District - will
tell that Pa when I see em.
At present I'm scared stiff
most of the time, that we'll
get one - the rest I'm scared
we won't. People is funny -
specially me. A social worker
came to call + looked the
house over. Some experience -
I've much to tell you! Got so
mad once I cried - into funny
actually, how you heart - funny -

5
ha, ha - really. What made me
mad was her asking why
we'd waited so long to try
to adopt a baby. So I
gave her a play by play
account of 11 years of trying
to have one - + went in
the process & that made me
madder. B- & I howled over
it later - how can one
be sure! heh heh my!

We're having our winter
how - none till now.
How are you feeling
honey - is your liver all

well again, do you think?

B. feels fine - eats most
anything most of the time &
has had no blood in eyes.

Hafta make a 20 min speech
tomorrow on U.K. & its accomplish-
ments so have been boring
for several days.

Be sweet - do hope like
everything we can see you
at home but I know it
costs a lot + you've had a
lot of time off - we shall
see. Thanks again for the
check + the interest (you know)
Anything we get is yours so
yell anytime. love - B + G
