Honey - I forgot to thank you
for the grand mouth wash -
brother! you really have a
clean mouth after a minutes
use w that - 'course I
never had my mouth washed
out for saying a naughty word
but I'll bet even that didn't
feel any cleaner! Thanks a
million - its really wonderful &
I like the taste.
How do you really feel,
w love - are you coming
along O.K.?

We've been talking ² of our house
building date as, roughly, two
years hence. The 2nd bulk
tank would probably show
the house another year
into the future, but, for the
moment, anyway, we've cutting
corners like mad + B. has
decided to not get that
just now. It may be that
he'll want a tank truck some
day and/or the 2nd bulk tank - drums,
but w the slight general
business recession + our
season slow time, we is

being careful.

Oh yes - we get to the
lot every week - just to look
at it, if nothing else + we
do think of you - all the
good hard work you've done
for us up there + remember
when you paved the porch
practicing your speech for the
Buffalo meeting?

Walkes Bame Red Cross is
starting a blood bank this month
who is Pat + who is
your secretary?

B. is now eating so
normally - I guess I told you that

The BM's seem fairly regular
on an every other day basis
- he's now off any medicine -
and told him to go off
gradually, which he did. There were
some white pills (prescription)
+ Patch's Konobremul, containing
phenolphthalein (?) + Irish moss +
tasting, B. said, like old meety
books. (Guess he did use
stilted language there for a while,
come to think of it - land sakes!)
We'll certainly get the records
from Tom Randall - would love to
have them. What have you gotten
in a changer?
As to the NY State Bonus -
when we were in NYC

that first time - Nov. 1949
that is - I saw a little
piece in the paper urging
vets to apply for it. ~~that~~ maybe
it was the one you got but
maybe you should inquire first
in case. I agree w you,
absolutely, in your attitude
re this.

Goodness - just read that
part of your letter on mouthwash
I've been taking a great big
mouthful - straight! no wonder
I felt cleansed to the bone -
and thimp tasted funny the

kept me I
just got them w dentist
- he found only 1 cavity.
Colder than the dickens
up here lately - a raw March
wind blowing today. Enjoy
your nice sunny climate,
mi boy - send me it -
wish we had some.

Do let us know if
+ when you might get
to B-ham - wouldn't it
be grand to all be there?
All our love - behave
now - B + S.
