Friday night

Loues -

Thanks for your sweet letter, however - we can hardly wait to see you both + it begins to seem like reality as the time draws nigh.

Bill + Frank Jr. worked some more today on the apt - it now appears that they'll be able to move in a week from today - Apr. 1. It is a cute place - cute as pie. I just can't believe Tom was serious about

substituting ^{the} tractor for
the dishwasher - it sounds
like a bad joke. Snow!
I just bail!

Can't you just see
Tommy + Maria how? - or
don't you want to rather?
I would so love to see
them + Idena - Ek
Suggested me come on out
to Houston too - guess
we'll have to just see
how things go. A real
visit with you-all is

(3)

our real object - touching
base - other things must

follow if as + when.
So much to talk about -
always, with you two. And

turning pens!

Pop - better save some
work for us to help you
with!

Will leave Monday just as
soon as the 3 boys get back
from Atlanta + B. can see them
for a while. They have each
written several times - they like

the course & all said "thanks
so much for all this". They
left Atlanta - this a.m. - & if
it were you, we'd expect
them tomorrow night - but
they'll probably ~~wait~~ ^{take} till Mon
noon. We'll pick Muriel up at
Martinsburg W. Va. - she comes
there via B+O. R.R. - will go on to
to Winchester then cut east down
to 15 & into Chapel Hill Tues.
sometime. Will probably dine
on to you Mon. Apr. 3 - will
keep you posted. Still cold here -
snow once in a while. Be
sweet - all our love - B+G.
B. is mighty tired tonight

Home - Wednesday.

Dear E.K.

Pa says I am to write, as I shall right now, urging Bill, Gusta, & Muriel to come on here & we can drive to Hanston. We shall see. Hope it suits them, unless you can come over while they are here.

I was surprised to see by this Betson folder that young men's shoes are being shewn by them.

Pa does not need any so will send on to you.

The Noland travelogues are printed in the Monday B'ham Post & I have been sending them on to Gusta & Bill.

I am now writing to
Ethel Lutz Davis in answer
to her note I sent out to you.

If Gusta & Bill should
drive to Houston I wonder
if they would want to
go by New Orleans & see
my Nukes.

We do not find your
Nor Record here, but you
can write to the Nor
Dept. in Washington
and get it in a few days.

It probably will turn
up among your papers.

They sent me A. M. Wey's
record in about a week's
time - We have needed
information before.

When we placed

his headstone or
 grave marker in ~~Edinburgh~~
 Last night Dupont's
 Caracode of America was
 aboard the Liberty ship
 World War II. named
 the Nathou Bedford
 Forest. My Father's Gen.

Both he & his brothers
 were on his escort Co.
 not his escort. Just a
 group of young fellows
 he kept around him
 for courier duties etc.
 they had no rank as
 I understood it from
 fire side chats as a
 chief. Any special
 duties - But they must

he good horseman,
& knew the roads,
folk love and ride.
the fellows last night
kept - kidding about

"Get there first with
the mast" or "Get
There firstest with the
mostest" - It is quite
unprobable - for nobody
ever uses the last
expression - also the
29 horses that were
shot from under Gen.
Forest.

Well seems we may
be seeing you soon &
have some good talk,
fine food and hearty
laughs.

Lucy & Tom

D. K. S.

Later -

the nurse, her husband,
their \$9000 & the Tenney place
just a lot of rumour.

A Real Estate man lately
in talking to a lot of his
fellows, said so the paper
quoted, that "The Crown
is off. Now we will
have to work for the rest"

Seems so by the amount
of work agents are
doing on deals about
2745- Pike -

One just called about
one quite complicated
one that fell through
because his equity
on his home, ~~the~~ be
was too little, the state

of repair so bad. that
any loan on that
house would be absorbed
and none left to bridge
the difference between
him & a loan he could
get on this place & our
fair price. He ^{is} ~~is~~ ^{the} ~~the~~ ^{purchase} ~~purchase~~
So glad you have
a profession - and
do not have to depend
on supply & demand.
just need & ability to
pay - Well. So.
