Wednesday nite - 8 - March - 50

Dear Honey:

Your bunch of honey came this P.M. It's so good to hear from your sweetie - keep it up.

You're right about Monday nite being a good radio nite & I think that was one of the reasons I asked to have my Spanish lessons changed to Wednesday nites. Yes I listen to Carnegie Hall at 8 P.M. on Tuesdays when I'm home. By the way I thought I told you I work day only now. I miss the differential in pay (\$5.00) but I feel my freedom evenings is worth something to me at this time.

I hesitate to mention it again but I think it will be <sup>in</sup> better taste if I don't write the Heaney's. <sup>They</sup> If mention me at all I shall rely

on your judgement as to what to say. I would love to see them but I will understand if they have other plans.

Enjoyed hearing about your new experience - Ballet - I can imagine how lovely it was - and two notes of it gave a more varied understanding of the art. I would like to see more of such things while I am still in N.Y. but it cost so much to live, I simply can not afford it. However I do the best I can - I create instead.

You haven't said any more about your vacation - Will the V.C. give you one this year? - If all goes well I plan to take the month of June.

Must go to bed honey - Write me all the news with you.

I miss you lots.

Love, Dorinda
