At Idene's

Mrs. William Francis Cutten

Sunday Night

Honey Chile -

just a note to say
Hi and I know that I'm the
one that's slipped badly on letters
of lab - new resolution - great
changes will take place!

I flew out on Thurs.
when Bill went up to
Jackson's Landing in Quebec
to catch some fabulous
fish that live all day -
suspecting in a lake up
there - the ice has just
gone out from which!

Irene & I are having a
fine visit - talk talk talk
yabity, yak! The youngsters
are precious. We went to
make a hospital call
today on a friend of theirs
Bud Warden & as soon

as the word hospital was
mentioned, Tommy informed
everybody within a five mile
radius that "Uncle Sandy has
a hospital". He talks all the
time now & quite surprised
me the other day, when he
said to Irene "Mummy, when

Mrs. William Francis Cutten

are you going to buy some
artichokes. - I only recently
learned what they
are! Thurs night
Wilmington Airport

I missed a plane connection at
Pittsburgh on the way home but
was able to get another one,
Boston bound, this far & B. is
on the way over to meet me here.

We've got the go-ahead sign
on the dishwasher. I love soap
she's thrilled at the thought of
having it - hates awfully to
have you & us all spend that
money on her. But TOM WILL
INSTALL - I asked him

several times & he always said
yes. whether or not they do
all the other proposed extensive
counter remodeling etc. is still
undecided but is up to him -
as they wish - but he will pay
installation charges on a dish-
washer, if we have one delivered
& as every time I go, I realize
 anew that any aid to them is
a blessed & wonderful thing to
provide. It's such a full time
job, raising 2 young girls, much
less 3. you are sweet to send
me the pills, etc - in fact you
are just sweet as can be. Anyhow -
you're always taking care of us -
all.

B. got us at Wellingport + we
got home about 10 AM - ^{So glad}
to see the big hummer. Home - Sat
Mrs. William Francis Cutten, ^{afternoon.}

The fishing lads w/ coats
o' tan + many boxes had
a wonderful time + brought
home quite a mess o' fish -
(just like in the fish
market even B. adults).

We three couples - James,
Tolds + us - are providing
fish + ice cream + coffee
for Reading Club + families
(23 strong) at the lot
this PM - anything else
they want they can bring,
we told them.

Found your good letter here
And think nothing of
"forgetting us" love - as
you say - why, when we
build you can put in
our whole kitchen!

ho - honest, honey - we feel
just exactly as you do
about seeing Idene's load
just now & I'm so proud
of you for thinking of
it is every thing. Golly -
you've done so much
already for us - that it's
me! who feel the

tuning of console - our
record player, for just one
thing.

To return to disk-
washer (and you are so
right we Thomas + I do so
agree) - Tom thought 'would
be best if B. handled it
than the local dealer as
per the Benavix, but B.
says he can't, because he
doesn't sell Halpoints -
(that's the one she wants)
so he will order it sent
out direct to Tom + I here
+ then Tom can get it

installed - will get busy
on it probably next week

So glad you're getting
money because of hepatitis

Adeene said one reason
she didn't want you to
do dishwasher was because

you lost so much money
on illness etc. says now

you're getting some back
she feels a bit better.

be sweet - must
rush - please send this

to Mom Pa - much love
for you
