Dear Loues -

When I got Papa's letter re the trip to Atlanta, my first impression was that you-all were coming to NYC to Pres. + my heart leapt up! I was thinking that its an ill wind that blows to good + in spite of the nuisance of the spot - its good we'll have a visit - but may

may - I'll send this home
'cause you'll probably be
back there by Sun. I

judg^o - please let me
know how things progressed.

I gathered it is a
simple operation but the
cutting procedure is exactly
a picnic, seems to me.

I'm glad it's getting
tended to & glad too
that Sam Wilkins is that
close to you-all. I'll
be anxious for news.

Also - what did Et say
this trip re Mamma - gals
hump on the scalp? Still

gonna sit tight?

I'm glad that you

eye troubles are clearing
too - it cannot be said

too often how wonderful it
is that you both are so

well - do keep up the
good work. You've got to

stick around 30 years
more to see B + we get

out of debt! One contraction

(4)

should have ~~some~~ a price
ready in a day or so - will
let you know.

Dr. + Mrs. C. arrive tonight

+ stay till Wed. they think.
Dr. to Claines + then to
Maine. The Mae + Mrs.

will spend next Thurs.
night here. Did they call
you-all recently in B. ham?

Mae is to run a camp
near here this summer.

I want over to Red
Cross blood bank + other
day to contribute a

"bucket of blood" + to +
 behold my hemoglobin
 count was down a bit
 so they would only take
 $\frac{1}{2}$ bucket, so to speak -
 ($\frac{1}{2}$ pt. actually, instead of
 the regular pint) Told me
 to eat liver once a week
 - must write etc to ask
 if liver + iron pills would
 help too. Said my 'count'
 was 79-80. Whole thing is
 sorta silly.

Thanks for chrysomids,
 always - we do enjoy them.

And thanks too, to both
of you for your never-
failing backing us up +
backing + helping us think
things thru. As I understand
your financing idea, Mother -
you mean for us to get
house money from Wyo. bank
- it would be fine, but
Wyo. bank can lend to
1 person only up to \$25,000
+ we'd be over that, I'm
afraid, if we added house
money to present debt.

⑦

I'm sure we can get the
money - question is how
cheaply.

And Papa - we agree too
that finishing the house
while in it ain't good!

It would be time, mostly,
that would force us to
that, I guess. We have to
be out of here by Xmas +
whether the new house can
be up + finished by then
remains to be seen - well.
will first have to see. Will
certainly keep you posted
as we go along

any idea when you'll be
coming up? We'll be so
glad to see you both.

B. & boys expect to finish
the shack today—
moving
bull doger will start about
second week in July on
dunaway + basement.

Hugs I hear from you
soon + that all is fine
bless you both
all our love

B + S
