Tues PM

Honey Pines -

Well - you are the
promptest guy to pay back
stuff - + how do you
get sending all that
interest! You shouldn't have

sent any + that the truth -
but we'll probably do as
you say + ff over to
Perry's + eat on you - un-
less I can remember to

send you a check.
Mother sent us

some articles by you,
Quota Iceland - Shes

a smart gal - sounds
like + attractive too - a
small picture was w
one article. When will
she be back > I'd love to
meet her. Any chance of

your meeting us at
home, around the first
week in April > Wouldn't
it be wonderful to get
together! - - Gilly! If you
can manage (& feel it
would be wise) would you

(3)

have to come over the
 week-end + if so would
^{the} April 1 one be better or the
 April 9 one? Leave us
 know - as we say
 hereabouts. It looks
 now like we will leave
 here about May. 26 or 27
 + be gone roughly two
 weeks - so could probably
 be in B'ham either
 week-end that suited you.
 We'll make the Chapel
 Hill visit on the way down.

(4)

I expect private practice
would be more lucrative,
love - + maybe more fun too.

We have applied for a
baby at the Luzerne County
Institutional District - will
tell Max Pa when I see em.

At present I'm scared stiff
most of the time, that we'll
get one - the rest I'm scared
we won't. People is funny -

specially me. A social worker

came to call + looked the

house over. Some experience -
I've much to tell you! Got so
mad once I cried - its funny -
actually, how you heart - funny -

5
ha, ha - really. What made me
mad was her asking why
we'd waited so long to try
to adopt a baby. Or I
gave her a play by play
account of 11 years of trying
to have one - & went in
the process & that made me
madder. B- & I howled over

it later - how can one
be sure! He's my!

We're having our winter
how - none till now.

How are you feeling
honey - is your liver all

well again, do you^{6.} think?

B. feels fine - eats most
anything most of the time +
has had no blood in eyes.

Hafta make a 20 min speech
tomorrow on UK + its accomplish-
ments so have been boring
for several days.

Be sweet - do hope like
everything we can see you
at home but I know it
costs a lot + you've had a
lot of time off - we shall
see. Thanks again for the
check + the interest (you know)
Anything we get is yours so
yell anytime. love - B + G
