" " " Apr. 4 (probably) -
arrive B'ham same night, B.
thinks, + stay about the
week - i.e. till Tues. Apr. 11 -
this is a guess, as to
length of stay at each
place but it looks like
we'll be in B'ham over

②
Easter week - end - how
about it - could you get
over? Will Gusta N. be
home by then? When do
you start your boards +

where? It looks unlikely to
me that I have will get
there, tho I wish like
beck that she could.
Alls well here - B.

feels fine - do write us
how you are + how goes
it.

Just heard from Mother ⁽³⁾ that
Jack H. is away all April so
I guess that sort of ties you
down. See back! Set us
know how things look.

We're making an apt. in
the small barn + its cut
as back. B. + the boys are
doing the work + Frank
Anderson, Jr., who got married
in a bit of a hurry, will
use it for a year or so. Then
we'll have it for an emergency
bad-weather hab-in when
we build on the hill.

B. sent Al + 2 other men to
a week's course at Ga. Tech
in bottled gas - technical stuff
re underground installations,
service work, tank trucks
etc. They left today, driving
in Al's car - return Mar. 26

How is your car?

Saw an ad that said
Brooks Brothers representatives
would visit various cities -
(Houston was one - selling.)
I hope. I hate you are!

Be sweet honey - we love
you + how we'd love to
see you. I hope you are well.
much love

B + S
