2745 Pike Road

Alabama

Thurs. A.M.

Louise - So nice to find your letter waiting for us here, Papa-Dad. Enjoyed that article enclosed too & it is the truth, I think - folks just let things happen up there in Wash. & then gripe about it. In fact, I'm scared it's gone on so long that we are losing our real freedoms but fast!

We got here Tues noon. Waited around at home for the boys to get

back till 1:30 PM Mon.
→ then decided — to start
out & hope to meet them,
which we did — just 15
mi or so down the road
at Shushobing — they &
B. had a good talk — sort
of made contact & we
went on our way. Picked
Mund up at Marlborough
via. about 6:15 PM —
ate supper in Winchester

+ drove almost to Farm-
ville before we slept. Got
in here about moon Tues.
Saw Ed for an hour before
he left - Claire left last
night. Liz may drive on
here this week-end.

We plan to leave here
Mon., pretty early. In A.M.

So glad to get Mother's
letter too. Muriel was so
pleased & grateful for your
imitation & said she

may accept, unless Ding
comes down for her, over
this week-end. Ding's
coming depends on whether
or not a new car comes
them for them, he is to
arrive tomorrow (Sat.) as to
whether or not he'll come.
If Minnie is coming, we'll
call you - probably Sat night
or Sunday - if you don't
hear, we'll arrive alone Mon.
night - probably late.

As to the Houston trip,
I've been pulling hard for
it but Cutten keeps
saying no soap - too far.
And I reckon it is -
really. The idea of that
much more driving seems
to bother him - even if
Pop were doing it in the
backland. So then. He doesn't
want to go back by Idene's

either, I'm afraid. Well -
as I said - the main
idea is a visit w
you-all, + golly, how I
hope we can see Ek -
it will just seem
awful hot to, when we're
that close. Well - we'll
have to see - we
know we'll be there

Monday night. Its 500

miles from here, I believe -

so don't fret if its
late + if we get in

around 6^{PM}, we'll stop +

have a look for you

at Bunting -

I can hardly be-
lieve we're nearly there!

I'm still just sick that

Idene would be there - I

know he will if he

possibly can. I even
wondered if we should all
chip in for air fare of
Idew + kids but guess
that's Tom's job really.
Will call them Sat
night or Sunday if Muriel
is coming - & we'll
see you Mon. night.
All our love & if you
talk to ~~the~~ to him too
But S +
every body said we love
