My precious Sweetheart:

It has been exactly one hour since I talked to you on the phone. Oh! I am so glad I called — I am still laughing to myself about your fear of "hurting me". To be sure I have no intentions of giving up hope of "hooking you" — and perhaps I am a bit too optimistic. However, if I should fail I know I am capable of handling the situation no matter how difficult it may be. You have needed me more this past year than any of the other years you have known me. Sometimes I think understand you better than you do yourself. ~~hah~~
Just the other day Dr D'Esopo

Did I tell you about
the sketch I made of
Jean Price. Everyone thinks
it is wonderful!!!

Must get to a mail box
so you will get a letter
soon. Will write you
often honey. I wish I could
do more. Take care of yourself
for my sake.

Lovingly,

Dorinda

Darling:

Buenos dias, ¿como se siente usted? Mucho mejor, yo espero!

I am anxious to know if they have given you any aureomycin. I have good reason to believe it might help in as much as the doctors believe it to be a virus infection. Let me know more about everything honey, I hate to think of you suffering. I'm not gonna say anything about this sickness to anyone - I don't think it is necessary. You'll be well in no time - I just know you will. Try aureomycin

though!

I was downtown today
and I bought you a present.
It isn't much but I think
you will like it. You'll
receive it in a few days so
now you have something to
look forward to until it
arrives.

This note looks sorta rocky
'cause I'm writing it in bed
and I feel sorta sleepy
too. Oh if I could only see
you honey - I have so
many things I want to talk
about.

Think of me often and
whisper my name -

Love & kisses

Your Doudy
