Mrs. William Francis Cutten

Honey Pie -

B. has just read  
about the temperatures of  
some Texas towns - all  
over  $100^{\circ}$  - & we've shuddered  
for you - are you any  
more than a precise spot  
by now?

Have sent a few  
things to you & wondered  
if you are at all interest-  
ed in cooking utensils?  
We weren't sure whether or  
not you are or plan to do  
anything except cook breakfast

(2)

but if so, we have a  
 griddle, a skillet + 2 sauce-  
 pans w lids that we'd be  
 happy to send you. They  
 were, actually, supposed to be  
 given away w some stone  
 we had once but B.  
 brought em home - don't  
 tell! Then here this gang  
 gave us all this Paul  
 Renee stuff w copper bottoms  
 - so we've extras. It's pretty  
 nice stuff + you're welcome  
 to it if you'd like it -  
 but we won't bother

③

to load you up w stuff  
if you've actually w need  
for it. Also have a tea-  
bottle that whistles + a  
double boiler if you want  
em.

The plates we've sent  
are somewhat chipped so  
toss em when you get  
more - just to tide you  
over.

As for glasses - specially  
for cocktails - hi-balls - beer,  
etc. we've found nice, plain,  
ones + very cheaply at  
supply houses for hotels

+ bars. There are such  
places here where any body can  
buy - I mean, its not just  
for dealers, like most wholesale  
places. might look in the  
yellow ad section of the phone  
book under "Hotel  
Equipment + Supplies"

How about sheets? I've  
written Harold Archibald to  
see what prices he gets - he's  
manager of Kenba  
business

College. We've planning to go  
down to Greenport, L. I. while  
I done + Tom have the  
Broschotts place there. They'll

⑤

leave Mt. Vernon Aug. 18 + be  
back there Sept. 10. Will  
probably go down to L. J.  
Aug. 22 or 23 + stay a week.  
How about coming up + Dem  
it - to have had Tom drag  
you up here earlier when  
you might have come now.  
Mother sounds like they might  
come up too + I'm sure all  
will come to the Corners, so  
we can put things in  
their car. like your records,  
that are so heavy to ship + you  
can get em in B'ham. I  
guess. What else besides records?

Did you get <sup>the</sup> double berries  
- we hoped so hard!

Emerson Todd should be there  
to see you soon <sup>He went to Canada</sup> fishing <sup>w B + B. Quinn</sup> last year.

Be sweet love - what  
kind of a party didst have?  
Did you get the rug? What  
about silver to eat with?

still having wash outs here  
& there in the lawn - we fix  
em - oh rain wash em. But  
B. is putting croaker sacks  
down over new spots. By the  
way what does "croaker" mean

- B. calls em hunkap  
bags - <sup>very</sup> fine!  
We buff you - B + G
