My Sweetheart:

Just a quick note to tell you I'm on my way to Florida at midnite tonite. Eleanor phoned me long distance this afternoon to tell me my mother is very ill with some sort of back condition - She can't get out of bed or anything!! Mama wants me to come so I'm on my way - have just finished making all the necessary arrangements. Oh dear - last year this time I was the one who was sick so I guess every dog has his day. You were sick too, honey. All I can do is hope for the best.

Say a prayer for me.

and write me when you can.
I love you, my sweet

Always,

Dorinda

P.S. Darling your last letter
came Saturday and ate up every
word of it. I'm glad you liked
the package - my vitamins are
wonderful!!

more love,
dad.
