Lockwood's

to hear of  
death!

Mrs. William Francis Cutten

Monday A.M.

Honey Chile - So glad to get  
your good special yesterday - but  
what's the matter w August  
Holand? She's nuts, methinks.  
Was it the age difference  
d'you think + does it bother

you or is your fancy  
still free? I thought she looked  
+ seemed more mature than  
24 or whatever, actually.

And as to the  
dish - dryer letter - well,  
when I read the part  
that was so d-x-x!!! con -

(2)

cerned about the local dealers  
commission + feelings literally boiled!

I can't think when I've been  
so mad. First I was going to  
call or write them + say  
my piece - then I didn't, be-  
cause of Idene's being preg +  
sick - but I do think  
- that's the last straw + too  
much to take. If Tom is so

worried re the local dealers  
feelin'g - let him pay the  
commission + we'll all  
be happy. Why doesn't he  
worry about the family's  
feelings for one - you!

Then I even got it all  
deped out in me evil mind  
that Tom doesn't want I don't  
to have this help + conven-  
ience + is simply making  
the situation impossible.

And I don't want helping any  
- actually. I told her when  
I was there that she was  
crazy not to just take  
a thing like this when it  
was offered her - yea, even  
forced upon her. Oh well - the  
whole thing is really funny  
(I think) if you can get  
enough perspective -

"How to Give<sup>(4)</sup> Away a Dish-  
washer - in 15 Easy Lessons"  
or "The Sad Case of the  
Unwanted One."

So glad your photometer  
is doing fine - that is quite  
an accomplishment, honey - one

of your many.

We'll tend to the NYC  
appointments for Ma's + Pa's  
eyes + my blood - many  
thanks. As I understand  
it - they get to Mil. v. Fri -  
Tom leaves Tues. - they come  
here when he returns in a  
week or so. Wish you did too.

We've had 1 <sup>5</sup> contractor's bid  
on our house so far - \$31,210  
- which is only the house. then  
there's landscaping + some  
decorating etc. Sounds like  
we really have good taste  
anyhow. Actually - it appalls  
us, no end. We've to hear  
from 4 other contractors + mean-  
while are scouting for money.  
Should we put that much  
into a home + should we  
load the business w that  
big a debt - should we build  
part of it since prices are so  
high or should we junk

hurry + get it <sup>(6)</sup> all up w the  
Korean thing + its possibilities  
in mind - these are a few  
of the things we are trying  
to see clearly. Brother!

Meanwhile - a bulldozer carried  
out a semi circular driveway  
for us + a shovel tomorrow  
is to do some more digging -  
garage court. So we shall  
see. Maybe this would be a  
good winter to move to Houston!

Be sweet love - this war  
scare scares us especially in re  
you - would being a vet + in  
VA hoop help or hinder? Our  
fingers are crossed!  
all our love - B + S
