Dear Children:-

I am all steamed up and going strong. Started last week varnishing the runways of the floors and following with wax. I finished Sat all but waxing the den and a few other places which I finished this morning. Everything is really "spick & span"; in fact, we are nice folks. Our oak furniture which is being redone will be coming in any day and we are ready for it. I wish those of you who are interested in good house keeping and modern arrangement could see this

We have let the contract for new roof and a little carpenter work on the porch of the clinic in Woodlawn; price \$295.00

We had the ceilings of dining room and den papered last week; price of that job \$18.00. We were fortunate to get it done on short notice and get the workman out. I called him one night and he came the next morning and did the job. He had done work for us before and gave us special consideration; and too, I think he needed money for the week-end and knew he could get it here; any way it is nice to have friends.

Mrs. Sullivan who has the flower shop in 111 had a little fire that cost \$65.00. It seems that some body threw a cigarette in some trash on the drive way side and it caught and got into the rest room. The insurance company repaired it. Mrs. Sullivan told us about it when we went to collect her note Fri.

The First Methodist Church has discontinued the Wed. night meeting and supper till fall. Horace has invited us to go with him to 6th Ave. Presbyterian this Wed. night for their supper and meeting. He has been riding with us every Wed. night and we are having fun watching him and a widow who rides home with us. I feel that is missionary work to aid such causes

Have a letter from Wayne this morning; he is having trouble with his back. He first said he thought he hurt it loading his car but then said he was not sure about it since since Hetty, Euca, and Dr. Tanner's wife have the same trouble. He said he would like Elmer Key to give his opinion as to the cause of such trouble.

We have been hopping wet varnish places so much it is a little hard to walk dignified but we are adjusting to it.

Elmer Key, let us know your plans as they develop. We plan to get a Houston Sunday paper to day and read about the wedding. Hope things go O.K.

Love and best wishes from mother and papa. Your father
E. O. Sanders
