Dear Children:-

Elmer Key called this morning to tell us that Tom thinks he needs an operation for hernia and Elmer Key wants to go and see about it. Elmer Key leaves Wed. 23 for Los Angeles where he is to take another section of National Board exam. 25th. He thinks he will stay over in Los Angeles a few days. He is to be in Charlie Squire's wedding June 6th. The tentative plan is that he will come here immediately after the wedding and we will all drive up to Idene & Tom's and from there to Cutten Corner. Exact dates will have to be given later. Elmer Key, you and Tom can let me know if I have not stated this correctly.

Gusta, your letter came telling us that Thursday to be moving day for you and Bill; congratulations, so sorry we could not be there to help. We will make up for that by sitting back and enjoying everything. I know it was a thrilling experience and we rejoice with you. We sent your letter on to E. K.

The school people are closing their meeting for this year with a barbecue at Avondale park Monday evening. We plan to go there tomorrow evening for the barbecue at six. We are the only retired folks who attend these meetings regularly and the group seems to enjoy having us.

Bill, this week is your big fishing trip. We are glad for you and hope the weather there will be as pretty for the occasion as it is here. We will be all ears to hear the stories of those wonderful catches. Knowing you I am sure you will be modest about telling all but just remember it is all in the family and we want to hear all about it.

Tom, I can't do anything about your operation but maybe I can tell you something about how to behave after it is over if the doctor overlooks any little instruction; at least, I can hold the baby for you to see. Any way they treat convalescents differently. now.

Some people who looked at the house recently want to bring other members of the family to see it Mon. at 3:30 P.M.

We went to both of mother's clubs Friday and mother reported on the convention we attended at Huntsville; we had lunch at Mrs Whiting's at Birmingham-Southern and left after the report for Connie Spurgeon's over in Hollywood where mother reported to the Pickwick Club. The First Methodist Church dedicated the new Educational building this morning and are having open house in the new building this afternoon from three to five. Bishop Clare Percell preached the sermon this morning. Our temperature gets into the early 90's during the day but the nights are comfortable. I have finished cutting the hedge and don't see a thing for E.K. to do when he comes.

Love and best wishes from mother and papa. Your father
E. O. Sanders
