Dr. E. K. Sanders
V.A. Hospital
Houston
Texas

Mrs. William Francis Cutten

At Ideno's
Sunday Night

Honey Chile -

just a note to say
Hi and I know that I'm the
one that's slipped badly on letters
of late - new revolution - great
changes will take place!
I flew out on Thurs.
when Bill went up to
Jackson's Landing in Quebec
to catch some fabulous
fish that line all day -
suspecting in a lake up
there - the ice has just
gone out from which!

Idene & I are having a
fine visit - talk talk talk
yabba, yab! The youngsters
are precious. We went to
make a hospital call
today on a friend of their
Bud Warden & as soon

as the word hospital was
mentioned, Tommy informed
everybody within a five mile
radius that "Uncle Sandy has
a hospital". He talks all the
time now & quite surprised
me the other day when he
said to Idene "Mommy, when

Mrs. William Francis Cutten

are you going to buy some
artichokes. - I only recently
learned what they
are! Thurs night
Wilmington Airport.

I missed a plane connection at
Pittsburgh on the way home but
was able to get another one,
Boston bound, this far & B. is
on the way over to meet me here.

We've got the go-ahead sign
on the dishwasher. I love says
she's thrilled at the thought of
having it - takes awfully to
have you & us all spend that
money on her. But TOM WILL
INSTALL - I asked him

several times & he always said
yes. whether or not they do
all the other proposed extensive
counter remodeling etc. is still
undecided but is up to him -
as they wish - but he will pay
installation charges on a dish-
washer, if we have one delivered

& as every time I go, I realize
more that any aid ^{to} I have is
a blessed & wonderful thing to
provide. It's such a full time
job, raising 2 young ones, much
less 3. you are sweet to send
me the pills, etc - in fact you
are just sweet as can be. anyhow -
you're always taking care of us -
all.

B. got us at Wulhampord + we
got home about 1 a.m. - ^{So glad}
to see the big bunski. Home - Sat
Mrs. William Francis Cutten
afternoon.

The fishing lads wi' coats
o' tan + many bones had
a wonderful time + brought
home quite a mess o' fish -
(just libe in the fish
market even B. adults).

We three couples - Jims,
Tolds + us - are providing
fish + ice cream + coffee
for Reading Club + families
(23 strong) at the lot
this P.M. - anything else
they want they can bring,
we told them.

Found your good letter here
And think nothing of
"neglecting us" love - as
you say - why, when we
build you can put in
our whole kitchen!

ho - honest, honey - we feel

just exactly as you do
about seeing Idene's load
just now & I'm so proud

of you for thinking of
it & every thing. Golly -
you've done so much
already for us - that it's
we who feel the

tuning ^{the} record player, ^{consciousness} - over
Mrs. William Francis Cutten for just one
thing.

To return to disk-
washer (and you are so
right we Thomas + I do so
agree) - Tom thought 'twould
be best if B. handled it
than the local dealer as
per the Beverly, but B.
says he can't, because he
doesn't sell Halpoints -
(that's the one she wants)
so he will order it sent
out direct to Tom + I here
& then Tom can get it

installed - will get busy
on it probably next week

So glad you're getting
money because of hepatitis
Adene said one reason
she didn't want you to
do dishwasher was because

you lost so much money
on illness etc. says now

you've gotten some back
she feels a bit better.

so sweet - must
rush - please send this

to Mom Pa - much love
