Honey Chile -

We do wish
you luck on Friday - not
that you'll need luck
when the good Lord
blessed you so with
brains + ability + a
good stout spirit. We
know you'll do simply
wonderfully + we are so
proud of you.

Nice that you're
having the trip to the
Coast + the most welcome
news is that you all
will soon be headed
for Cutten Corners! We

Can hardly wait. Moved
in on last Thursday &
we're gradually getting
settled - its a great thrill
& we feel very blessed to
have so lovely a home
for us & our parents.

Our music, thanks
you, is like nothing
we ever heard before.
Honestly, honey, it is
perfectly marvelous! We
just drink it in. The
FM is out of this
world & so clear & true
- we never can thank
you enough for

(3)

this - another of the many
wonderful things you
have done for us,

Do you think I don't
+ Tom will come on here
with you - all or will be
be operated on pronto or
what?

We're so anxious to
see you + hear all about
your plans for settling
in Worcester etc - how

you'll have fun getting
Charlie & quires married off.

I'm in the midst
of unpacking numerous
things I'd forgotten we
brought - + some of them

④
I'm wondering what we
have to do with.

Have fun, darling -
+ take care of yourself.
Have you been all

right lately?

We'll have the
welcome mat out at
the corners - + sweet
music from our lovely
garden.

Best of luck
+ all our love -
B + B
