Home - Saturday

Wear E. Key -

We are glad for the
"writing up a storm"

the glasses cost .15 cts
each & the postage for
the whole lot was .81 cts

We are glad to get away
of them through. Since
packaging is an

unknown art to us.

We found them at
Silbers & they do not
pack for mailing.

Burger who, has
always done this for
us, has no clue as to
glassware Dept. any
more. So they say no
such service.

The boy was from
your Army Days
we think. Service
terribly heavy lace
up brown shoes
were in it - quite
a contrast to the patent
pumps - we thought
of yesterday as we
were at Oulton Barnes
& White for my dress
pumps. I had quite
decided on lower
broader heels - but
weakened when Pa &
I both beamed at the
look of some speed
(I don't know) (Suede)
pumps with a dainty
bow. Looked more
like me than the others.

Glad to have your letter heads. Nifty Ebs

Pa says you are smart to start off with the book keeping system that you will need as your volume grows.

(I had better bring the dictionary in here)

We have said it might be smart for you to have lunch in some place where you could contact the public. One case would pay for lots of lunches & we notices here - Harveys & Brithings seem like big clubs.

everybody either
business or some
garms even other
business.

It seems wonderful
to get an appendix out
& the patient home
in less than a week
this will get around.

His company was
one or five insurance com-
pani, send patients who are
bad for operations to physi-

I didn't know
of this service.

It would make insurance
agents important to you.

I think I will start
a list of your friends
as you write, like these
new lawyers & their wives.
And the Elkins & Seligman
Rayson (?) the pretty
girl - I will write them
to tell them about the
machine as it arrives
unannounced
